For good DESSERT GRAPES Plant
Minnesota's own

RED AMBER
MOONBEAM
BLUE JAY

2 Yr. plants
75c each

For good eating apples, early to late,
we suggest this set: ORIOLE (or WHIT-
NEY), BEACON, LAKELAND, FIRE-
SIDE, and PRAIRIE SPY. (Pictures
above do not match.)

4-5 Ft. Tree \$1.25
5-6 Ft. Tree \$1.50

RED RASPBERRIES are
an economical crop for the
home garden. LATHAM
is still our best. Try stak-
ing them in hills 4 feet
apart for easy picking and
a pleasure to grow.

(Ask for bulletin)

Roses

Potted and Growing

Fine ROSES require
special attention, but
so do most things real-
ly worth while. If
you love flowers and
will follow directions,
we think you'll get a
real thrill with Roses.
(Complete listing on
other side.)

Train CLIMBING ROSE
on an arbor, a lower
fence, or just a post for
good effect. In the fall
take down and cover
with dirt all climbing
varieties of roses.
Blooms appear on the
wood saved over.

Philadelphus MINNESOTA SNOWFLAKE

Plant Patent No. 538

New Double Mock Orange
2-3 Feet \$1.50 Each

3-4 Feet \$2.00 Each

Grows 6 or 8 feet tall. Useful as a border shrub.

No.

- 2 Bridal Wreath Spirea
- 3 French Lilac
- 4 Golden Elder
- 7 Snow Garland Spirea
- 8 Red Leaf Barberry
- 9 Japanese Barberry

Kinds of evergreens vary as to their requirements for moisture, sunlight or shade, exposure, soil, pruning, and insect control. We can help you to make wise choices. This spring they will be displayed in our new lath house and we will have a nice selection of really fine evergreens.

Pee Gee Hydrangea - huge cone-shaped white flower heads, turning pink in late summer. This shrub is best suited for use in the shrub border at the edge of the lawn. Prune to within 3 inches of the ground every year for nicest blooms. 18-24" \$1.00.

"Hills of Snow" Hydrangea does best where there is good moisture. Useful in shaded spots in foundation planting. Cut to ground each year. 18-24" \$1.00.

Interest is gained thru the use of groups of plants of varying colors, sizes and textures. A mixed planting of Evergreen and Deciduous (non-Evergreen) usually is more interesting than either alone. But skill is needed to make good combinations. Ask us for assistance if you need it.
